

CSU Rowing's **Summer Collegiate Rowing Program** includes over 30 college rowers who spend their summers in town and are just discovering downtown Cleveland. Your sponsorship dollars help fund the expenses of rowing in Cleveland, including community outreach programs.

Our rowers support local businesses that sponsor us!

Program Info: Cleveland Collegiate Rowing (CCR) is a 13 week, 3-day-per-week program (5/26-8/23) comprised of college rowers who live in Cleveland over the summer. The program is designed to be recreational and laid back, while still working on building technique and physical condition. Last year was the inaugural year of the program, and was a great success. At the end of the summer, everybody was happy with the program and lasting friendships were made.
